Purpose of Contact: Radiological Surveys for Guard Post 773

Discussion

Guard Post 773 has been vacated and is destined for demolition. The *Reconnaissance Level Characterization Report (RLCR) Supplement, 771 Annex, Stack and Outbuildings, Building 771 Closure Project, Revision 2* was approved on July 12, 2001. Guard Post 773 was included in the RLCR as a Type 1 facility. Given the facility remained in use following the radiological surveys provided in the RLCR, CDPHE's concurrence letter requires additional radiological survey data be provided, as necessary, prior to closure/demolition. As a result, additional radiological survey data was provided to Ms. Onyskiw on September 5, 2003. CDPHE concurred that the additional radiological data provided is sufficient to supplement the previous data and function as the pre-demolition survey.
